Cascades Park Imagination Fountain Light Show

In recent months it has been wonderful to see how many people have discovered the awesome amenities at Cascades Park. However, many of you don't know about the light and sound show at the Imagination Fountain, which takes place every Friday, Saturday and Sunday at 8:00pm, 8:30pm and 9:00pm.

The new changes state that development proposals in the rural zoning districts must be 3,000 square feet or smaller and must adhere to stricter building standards that fall in line with an area's

rural character.

All future gas station proposals in a rural area will require approval by the entire County Commission, while other small commercial proposals can be approved by a growth management board.

The proposed gas station project at Crump and Miccosukee Road continues to move through the appeals process, and the Commission is expected to get an update on mediation discussions later this month. While this is being appealed, Commissioner's cannot engage in discussions about the project since it is now considered a "quasi-judicial" matter.
